BLOCKOUT B1/M2 | H3512-0026

Controlled Visibility in Large-Format Applications.

blockout B1/M2 is designed for applications where light blocking and visual separation are essential. Whether used in open spaces, as hanging banners, billboards, or exhibition and object design, they ensure clear and consistent messaging from both sides, indoors and outdoors. With widths of up to 500 cm | 197 inch, blockout B1/M2 enables seamless large-format applications without visible joins. Additionally it offers double-sided printability or controlled single-sided use, combined with high dimensional stability and smooth processing.

blockout B1/M2 is a PVC-coated heavy-duty solution of 760 g/m² | 22 oz/yd² for demanding indoor and outdoor environments. The material is weather-resistant, flame-retardant, weldable, and offers a storage stability of up to 12 months.
