FRONTLIT | H5022-0295

A Simple Answer to Outdoor Visibility.

Sometimes, strong outdoor communication doesn't need complexity – just the right material. frontlit was developed as an uncomplicated and efficient solution for medium- to long-term outdoor applications. With widths of up to 500 cm | 197 inch, it enables seamless large-format graphics for façades, billboards, and advertising surfaces, reducing material joins and installation effort.

Weighing 500 g/m² | 15 oz/yd² , it balances stability and flexibility, making handling and installation straightforward while delivering reliable performance in outdoor conditions. The material focuses on what truly matters – using less where possible, minimizing unnecessary components, and supporting a more conscious use of resources. With a storage stability of up to 6 months under moderate climate conditions, the material offers planning security and easy logistics.
