FRONTLIT B1/M1 | H6025-0295

Confidence for Open Spaces.

Outdoor advertising operates in a global context – public spaces, changing environments, and diverse regulatory requirements. Materials must be versatile, dependable, and easy to use. frontlit B1/M1 was designed for medium- to long-term outdoor applications, offering a practical balance between performance and simplicity. With widths of up to 500 cm | 197 inch, it enables seamless large-format graphics that reduce installation effort and deliver clean visual results on façades, billboards, and urban advertising surfaces.

At 500 g/m² | 15 oz/yd², the material is stable yet easy to handle – supporting efficient workflows from production to installation. In addition, the material is tested and certified for flame retardancy according to international standards. With a storage stability of up to 6 months under moderate climate conditions, it offers planning flexibility and uncomplicated logistics.
