DECOFLEX B1/M1 | H7304-5501

Lightweight Textile. Maximum Visual Impact.

With a printing width of up to 505 cm, a lightweight construction of only 215 g/m² | 6 oz/yd², and 12 months of storage stability in temperate climate zones, decoflex B1/M1 is a completely PVC-free solution for sophisticated indoor decoration and advertising applications. Offering outstanding price-performance, the material shows excellent dimensional stability, ensuring brilliant print results and a premium appearance up to 500 cm | 197 inch production width.

Certified according to international flame-retardancy standards, it is ideally suited for trade fair and exhibition construction, retail and POS displays, interior decoration, hanging banners, and large-format branding applications where low weight, easy handling, and reliable performance are essential.
