

AGRIBELT 800 | 7401 5340

**Manure removal belt: chemical resistant, easy to clean.
Dimensionally stable, weather and UV resistant for dependable daily operation.**

agribelt 800 promotes optimal barn hygiene. Its strong, coated textile resists chemicals, won't rot, and cleans quickly, making it ideal for systems that must run reliably every day. Its dimensionally stable construction ensures the belt tracks straight, minimizing edge wear and misalignment. It is weather and UV resistant, can withstand open barn conditions and frequent washdowns and is supplied as a custom item in widths up to 252 cm. It is a practical, long-life conveyor solution that reduces maintenance effort and supports clean, efficient manure removal.

Custom Item

precisely manufactured in 252 cm width with optional configurations available for specific application requirements.

Dimensionally Stable

maintains shape and size under mechanical stress, temperature changes, and long-term use

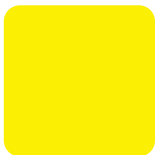

Reduces Surface Degradation

resistant to certain manure and organic waste for stable material performance
