

## BOAT COVER 445 LW | 4240 0244

**Low-wick yarns for clean, long term performance.  
Reduced moisture uptake, stable look in marine use.**

boat cover 445 LW uses low-wick yarns to reduce moisture absorption, which is advantageous in humid or splash-heavy environments. This keeps seams and surfaces cleaner over time, helping to maintain the cover's consistent appearance. The material's matt finish gives it an elegant, understated look, and its durability has been proven in real-world marine applications.

It is a practical upgrade for users needing a reliable, stable and visually neat cover fabric for year-round use.

### Reduced Moisture

low-wick yarns for reduced moisture absorption and cleaner seams

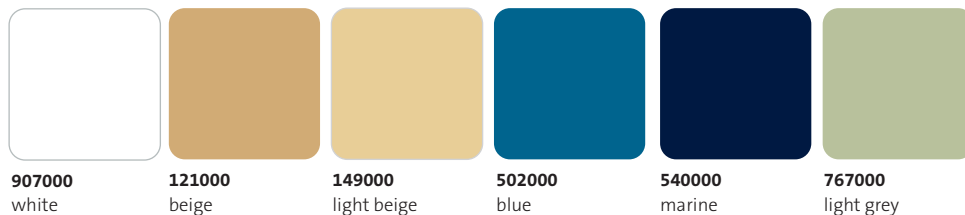

### Trend Setting

matt, elegant surface in line with modern marine design trends

### Weather Resistance

state-of-the-art UV stabilizers ensures a reliable weather resistance

**Other colors on request.** Print colors may differ from the original depending on the paper and printing process.
