

BOAT 1050 LQ | 7307 5342

Reinforced PVC quality for extra durability and grip.
Enhanced surface structure for professional grade inflatable boats.

boat 1050 LQ takes durability to the next level with its reinforced PVC design and textured surface, which improves handling and provides long-term wear resistance. Its mechanical strength makes it ideal for high-traffic areas such as sidewalls, boarding areas, and frequently contacted sections. The material maintains excellent airtightness and stability under continuous bending, towing, and saltwater exposure.

It is a reliable choice for professional crafts where resilience, safety, and ease of processing must go hand in hand.

**German
Engineered**

Better Grip

enhanced surface grip and premium matt appearance

Weather Resistance

state-of-the-art UV stabilizers ensures a reliable weather resistance

Robust Marine Durability

low abrasion and resistant to saltwater

Protective Lacquering

durable, airtight PVC with protective lacquering for clean surfaces and smoother fabric handling during fabrication.
