BOAT 1400 | 7311 5340

Matt textured PVC for durable, high performance boat construction. Strong, stable behaviour under extreme physical loads.

boat 1400 combines a matt embossed surface that reduces wear and improves grip with strong mechanical resistance. Its airtight PVC coating ensures consistent internal pressure, and its saltwater resistance and UV stability maintain performance in harsh marine conditions. Fabricators benefit from clean weldability and predictable forming.

It is a reliable solution for medium- to high-duty inflatable vessels.

German Engineered

Better Grip

enhanced surface grip and premium matt appearance

Reliable Strength

enhanced stability through optimized material thickness of 1,15 mm

Robust Marine Durability

low abrasion and resistant to saltwater

Weldability

excellent weldability and less smoke during welding with HF/Hot Air

PROVEN valmex® QUALITY
