BOAT 1050 AS | 7318 5600

Anti slip reinforced PVC for safe boat decks and footholds.
Strong grip and high abrasion resistance for wet conditions.

boat 1050 AS is designed for areas of inflatable boats where reliable grip is essential, such as boarding areas, deck zones, stand-up sections, and rescue entry points. Its anti-slip embossing improves traction in wet conditions, reducing the risk for users. Its robust PVC construction withstands abrasion, folding, and long exposure to saltwater.

It is easy to weld and bond and integrates seamlessly into professional and recreational inflatable craft.

German Engineered

Status: 19.06.2026

Better Grip

Rhombus-embossed texture for non-slip handling and robust performance

Reliable Strength

enhanced stability through optimized material thickness of 1,0 mm

Robust Marine Durability

low abrasion and resistant to saltwater

PROVEN valmex® QUALITY
