

BOAT 1200 | 7323 5340

Heavy duty airtight PVC for tough inflatable structures.
High mechanical strength for professional watercraft.

boat 1200 is built to withstand the extreme conditions that rescue boats, RIBs, and adventure rafts are exposed to. Its thick PVC coating provides high wear resistance, long-term airtightness, and proven protection against punctures and abrasion. UV stability preserves performance in bright sunlight, and saltwater resistance enables continuous marine operation.

For demanding applications where failure is not an option, this material provides consistent, field-tested reliability.

**German
Engineered**

Better Grip

enhanced surface grip and premium matt appearance

Robust Marine Durability

low abrasion and resistant to saltwater

Other colors on request. Print colors may differ from the original depending on the paper and printing process.
