LIFE RAFT 640 | H2545

Lightweight, flexible raft fabric with strong tear resistance.
Airtight, seawater resistant material for dependable emergency flotation.

life raft 640 is designed for situations where reliability is nonnegotiable. Despite its light weight, the fabric has high tear and tensile strength thanks to its stable, finely woven yarn. The fabric remains flexible down to -50°C, enabling secure deployment in harsh marine environments. The surface resists seawater and abrasion, and the airtight coating retains pressure under dynamic loads.

Its easy processing and consistent handling make life raft 640 a trusted choice for emergency rafts and other safety-critical inflatable equipment.

German Engineered

Better Grip

enhanced surface grip and premium matt appearance

Reliable Strength

enhanced stability through optimized material thickness of 0,56 mm

Robust Marine Durability

low abrasion and resistant to saltwater

Status: 03.2026
