

STORAGE TENT 765 FR BLO | 8296 6999

Lightweight Design. Serious Protection.

There are places where conditions shift unexpectedly – where tents must be moved, raised, folded, and trusted again the very next day. That's where storage tent 765 FR BLO proves its worth. Lightweight enough to follow wherever it's needed, yet strong enough to stay calm in rough weather, it carries the resilience of a much heavier material.

Its glossy surface shrugs off dirt, its UV stability keeps it steady in the sun, and its protection features remain constant – even when everything else changes.

Certified FR

FR according to different norms (for further details, please see data sheet)
