STORAGE TENT 900 FR CL | 8540 5240

Maximum Strength for Permanent Storage Tents.

Designed for maximum strength in permanent storage tent applications, storage tent 900 FR CL combines exceptional durability with long-term flexibility. Engineered for warehouses, storage structures, and other demanding permanent installations, it provides reliable protection for stored goods under continuous use. Its calendered surface gives the material an almost sculpted feel, delivering outstanding tensile strength and resistance to repeated mechanical stress while maintaining a refined, professional appearance.

Strong, durable, and versatile, it is built to perform where long-lasting storage solutions are required.

German Engineered

Status: 16.09.2026

Certified FR

FR according to different norms (for further details, please see data sheet)

Durable & Flexible

withstands wear and repeated stress for long-lasting performance

Weather Resistance

state-of-the-art UV stabilizers ensures a reliable weather resistance

Weldability

excellent weldability and less smoke during welding
