

KEDER 2200 AC | H5036

Premium Glide. Premium Strength. Built for High End Tent Engineering.

Keder 2200 AC is crafted for premium structures where every detail must perform flawlessly. Its acrylic coated textile surface glides smoothly into the rail, forming a connection that feels both refined and reassuring.

It brings calm precision to demanding installations – the kind where aesthetics matter as much as durability. Once locked into place, it becomes an almost invisible promise of quality.

Refined Surface Appearance

one-side acrylic coating on fabric side provides added scratch and weather resistance

Structural Stability

supports uniform tension distribution across the tent surface and reliable sliding into profiles

Weather Resistance

state-of-the-art UV stabilizers ensures a reliable weather resistance

Weldability

excellent weldability and less smoke during welding
