

SHADE PLUS 1050 III FR | H5675-L3

**Maximum Strength for Architectural Shade.
Built for Sun. Built for Structure.**

When shade becomes architecture, shade plus 1050 III FR rises to the challenge. Heavy, confident, and unwavering, it carries the load of wide spans and ambitious designs. Its surface stays bright and clean under desert skies, while UV-stability guards its strength through countless seasons. Welds form powerful connections, creating sweeping canopies that stand unmoved by wind or heat.

This is shade with presence – designed not just to protect, but to define the spaces people gather, rest, and live beneath.
