

STORAGE TENT 900 | H5737-0286-1

Flexibility Meets Reliable Protection.

Technical Performance for Demanding Temporary Structures.

There are moments when a space needs to feel more than temporary - when equipment, goods, or people require a shelter that brings both strength and reassurance. storage tent 900 rises to that role with quiet confidence. Its solid structure stands firm through long nights and shifting weather, creating a sense of stability wherever it is built. The surface stays smooth and orderly, welds form clean lines, and the material's resilience becomes part of the daily rhythm. It doesn't just cover what matters – it protects the flow of work, the calm inside the chaos, and the promise that tomorrow will start ready, not vulnerable.

Status: 15.06.2026

High Gloss

smooth and glossy surface for convincing dirt resistance

Material integrity

antimicrobial additives for a longer lifespan

Optimized Formulation

without ATO – lightweight, economical and project-oriented

Weather Resistance

state-of-the-art UV stabilizers ensures a reliable weather resistance

Weldability

excellent weldability and less smoke during welding

Standard width: 300 cm.
