

AIRTEX® SHADES 200 | 4107 4911

Lightweight textile shading for modern outdoor comfort.

Flexible, PVC free fabric with a clean, natural look.

airtex® shades 200 is a lightweight, textile-like shading fabric that looks great in modern outdoor spaces. Its acrylic-coated, PVC-free surface gives it a refined, natural look, making it ideal for sunshades, sails, and camping sidewalls. The flexible material is easy to sew and is available in a wide range of colours, enabling technicians to create visually appealing structures with minimal effort.

It is a practical all-rounder that balances aesthetics, low weight and reliable outdoor performance.

PVC-free

acrylic coating offers reliable durability and clean surfaces

Seamless Large formats

super wider up to 512 cm | 202 inch
lead to fewer seams for cleaner aesthetics and stronger performance

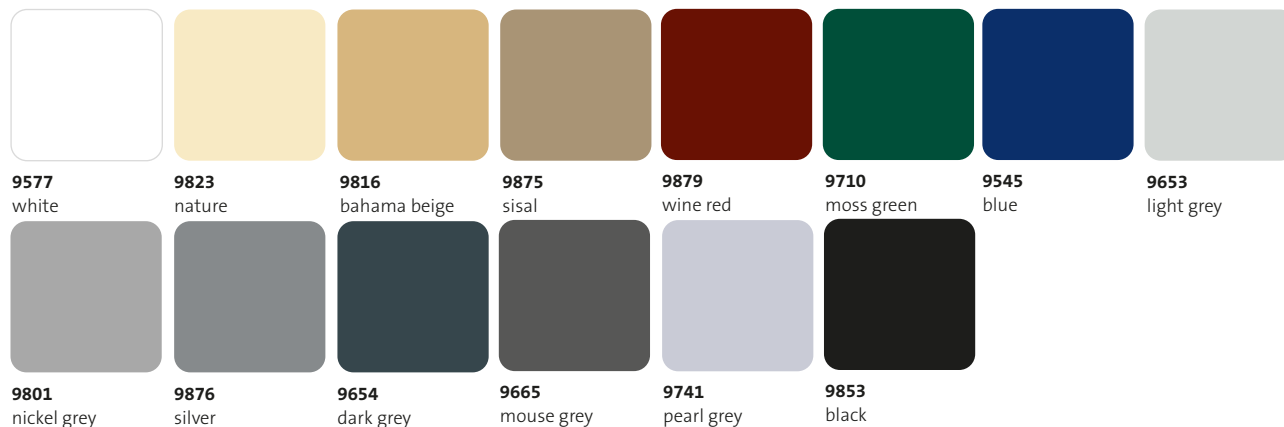

Superior UV Stability

longer service life thanks to outstanding UV resistance through optimized formulation

Ultra Lightweight

for easy carrying and everyday mobility

Standard width: 170 cm | 67 inch, production width: up to 512 cm | 202 inch. Other colors or widths on request. Print colors may differ from the original depending on the paper and printing process.
