

CAMPING ROOF 550 | 4213 5342

Lightweight roof material with a clean, refined look.

Easy to handle, built to endure sun, wind, and weather.

camping roof 550 combines lightness and reliability in an effortless and reassuring way. As one of the lightest materials in MehlerHeytex's roof portfolio, it stretches smoothly over frames to create a clean, even surface that requires no additional correction. Its 100% polyester base and double-sided PVC coating provide stability in changing weather conditions, and the matt acrylic lacquer gives it a refined look and makes it noticeably resistant to dirt. Whether it's sun, rain or wind, or long-term outdoor exposure, this roof fabric retains its shape and maintains a calm, tidy appearance that enhances the entire tent structure.

Easy to Handle

lightweight roof fabric for maximum camping comfort

Refined Look

matt acrylic lacquer for a premium appearance
