CAMPING SIDE 420 | 4231 5740

Lightweight sidewalls with a lacquered, textile refined surface.
Clean seams and reliable outdoor performance.

camping side 420 is designed for travel tents that require a lightweight design without compromising on appearance or durability. Its linen-embossed surface gives the fabric a subtle textile look, while the lacquered finish provides stability during usage and gives the fabric a more defined, premium appearance.

During fabrication, it behaves predictably: seams remain clean, edges stay controlled and the material tensions evenly without any unwanted stretching.

German Engineered

Status: 22.06.2026

Natural Appearance

linen-embossed surface for a natural, textile appearance

Improved Protection

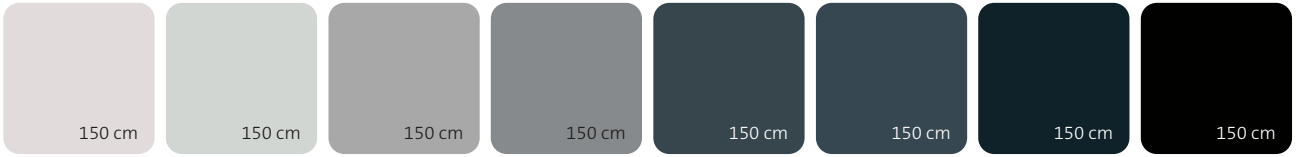

dual-side acrylic lacquer for improved protection and surface quality

Weight Sensitive

lightweight - perfect for travel tents with limited load capacity
