

PERGOLA HEAVY 800 FR | 8596 0799

**High strength FR membrane for fully light blocking pergolas.
Solid outdoor protection with an aesthetically refined embossing.**

pergola heavy 800 FR provides stable support for pergola structures that need to block light and protect users from the elements. Its flame-retardant properties and robust construction make it ideal for long-term, demanding installations and the embossed surface adds a subtle aesthetic refinement.

It is a dependable, high-performance solution for pergolas requiring both protection and a strong, premium appearance.
