

PERGOLA LIGHT 720 | 8227 4299

Lightweight membrane built for year round outdoor use.

Durable, elegant fabric for foldable pergola systems.

pergola light 720 is designed for pergola systems that are installed permanently, even in coastal or weather-intensive environments. Despite its light weight, the material provides a taut surface that gives pergolas a sleek, modern appearance. Its durability supports long-term outdoor use, while the smooth handling enables precise installation.

It is a reliable membrane that combines technical resilience with an understated but elegant appearance.

Maximum protection

blockout for complete shading and maximum sun protection

Superior UV Stability

longer service life thanks to outstanding UV resistance through optimized formulation

Weather Resistance

state-of-the-art UV stabilizers ensures a reliable weather resistance
Proven over years in usage worldwide
