DIVIDER 1200 PVC-FREE | 8601 1300

PVC-free partition material with soft acoustics and strong impact resistance. Clean separation and reliable protection in multi use sports halls.

divider 1200 PVC-free is designed for sports halls that require clear separation without compromising safety. The material absorbs noise, minimizing distraction between training groups, and can withstand the impact of fast-moving balls. Its soft embossing adds a visually calm, textile-like surface, while the PP coating keeps the fabric durable and easy to maintain.

It's a practical solution for installers and operators, delivering clean visual division, robust protection and dependable performance in daily sports use.

German Engineered

Status: 09.06.2026

Approved

complies with DIN 18032-4

Custom Length & Cutting Options

available with customer-specific length and cutting dimensions; produced in widths up to 130 cm

Flame Retardant

according to various standards (see data sheet)

PVC-free

Polypropylene-coated surface for improved chemical resistance and enhanced durability

Smooth Handling

soft-touch embossed surface designed for smooth handling and reduced noise
