DIVIDER 1200 | 8602 1300

Durable PVC partition material for safe and quiet sports environments. Impact resistant surface with effective noise reduction.

divider 1200 brings structure and clarity to multipurpose sports halls. Its robust PVC construction creates a reliable barrier that stops balls effectively and reduces noise transfer between training areas. The soft, embossed surface gives the divider a clean, neutral look that is well suited to indoor sports environments.

Available in custom lengths and widths of up to 130 cm, it can easily be adapted to suit hall layouts, providing long-lasting functional separation.

German Engineered

Approved
complies with DIN 18032-4

Custom Length & Cutting Options
available with customer-specific length and cutting dimensions; produced in widths up to 130 cm

Flame Retardant
according to various standards (see data sheet)

PVC Coated Surface
for enhanced durability, abrasion resistance, and reliable protection in demanding applications

Smooth handling
soft-touch embossed surface designed for smooth handling, reduced noise, and improved flexibility

Status: 03.2026
