

TARP 620 | 8800 5340

Balanced weight for multipurpose use.
Dependable processing. Consistent results.

tarp 620 strikes the perfect balance between handling and durability. It lies neatly, moulds well and requires minimal cleaning.

Whether it is used for protective covers, separators or general tarpaulin work, it ensures consistent quality for repetitive tasks, keeping fabrication smooth and predictable.

**Made in
Germany**

Enhanced Mechanical Strength

for superior resistance to stress and wear

High Flexibility

very pliable material for versatile applications and shapes

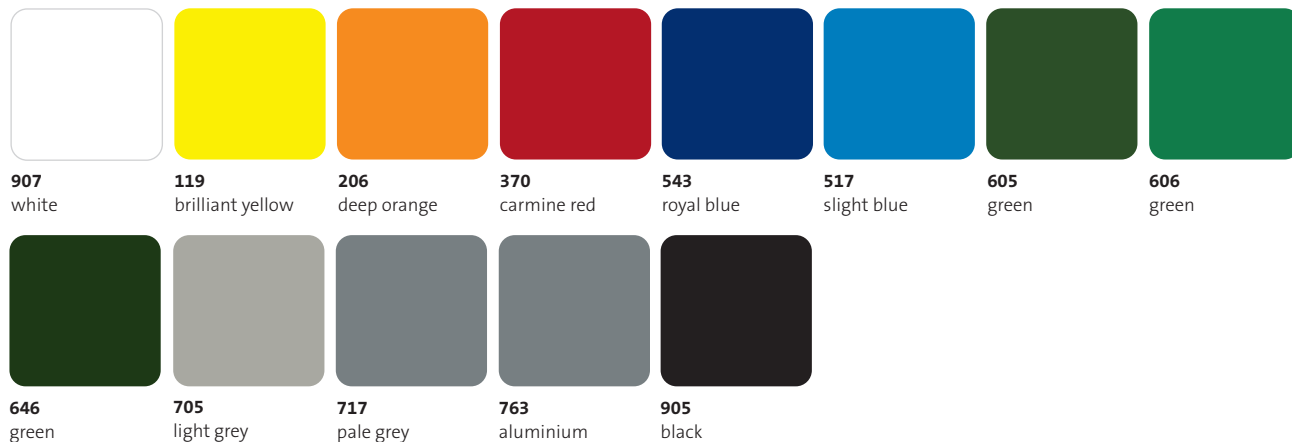

Practical

matt embossed finish for a refined, good-looking surface

Weldability

excellent weldability and less smoke during welding

Other colors on request. Print colors may differ from the original depending on the paper and printing process.

The technical data are approximate values based on average values determined. For manufacturing reasons, deviations of up to -5% are possible. These technical specifications respond to the current state of knowledge and are intended to provide information about our products without legal obligation. These data apply to new goods. Suggested applications do not release the buyer from the obligation to check whether the material is suitable for the intended use.
